

Alcohol Content
750 ml – 41% ALC./VOL.

This handcrafted gin from Belgium is distilled in the Southern part of Flanders and lends its name to the two sons of the founder.

An exquisite composition based on 9 separately distilled botanicals. Juniper berries, Japanese Fugi apples and black pepper are the leading ingredients.

Perfectly balanced to drink it straight, to mix in a cocktail or with your favorite tonic.

This unique bottle is the result of Belgian craftsmanship, US knowledge and Asian botanicals.

Signed,

Gilles & Liam

Tasting note by tset procedure

APPEARANCE

Clear and water-white, with blue haze.

NOSE

Clean and pronounced nose with aromas from: Juniper, Citrus Peel (Lime), Cinnamon, Apple & Dried Flowers. Black Pepper in the background.

PALATE

Off-Dry, with a smooth, mouth filling and warming texture. The palate reveals pronounced characteristics from apples (dry), cardamom, angelica root, crispy cinnamon in the mid-build.

The finish is long, slightly sweet and shows some complexity from grassy, damp and herbal notes.

CONCLUSION

Gilliam's Gin is a very good quality distilled gin, made with knowledge and craftsmanship.
